

Option Series

Is attending a local church an option for a Christian? Is evangelism optional? Can we choose not to study our Bibles?

We have produced a series of very short studies that discuss the essentials of the Christian life from this perspective: is doing these things an option? These studies are brief and can be used as a personal devotion or in a Bible study setting. This "Option" series is a great way to cover the basics of practical Christian living in a firm way that readers won't find intimidating.

These studies are only \$1.
